Early registration benefits...

- Guarantees an event t-shirt
- Provides an assigned rigging parking spot near your teammates and coach
- The earlier you register the better your odds are at winning a top RAFFLE Prize at Saturday night's raffle.
 - Drawing Rules Explaining Improved Winning Odds...
 - Each paid registration entered prior to March 3 automatically receives a minimum of one raffle entry
 - In addition, extra raffle tickets are granted to each registrant according to the order in which they complete their fully paid registration.
 - The number of Raffle "tickets" granted to each registrant will be based on the total number of entries (as of March 2) and tied to the order in which each registration is received.
 - For example: if 200 Opti Sailors register...the 1st registrant receives 200 "tickets"; the 2nd registrant receives 199; the 3rd registrant receives 198; and so on until the last registrant receives 1 "ticket"
 - **Thus, the earlier you register the better your odds at winning a top prize!**
 - No one individual may win more than one prize, however the person with the most entries has the greatest odds of winning the biggest prize. Once a competitor wins a prize from the raffle drawing, that individual will not be eligible for any additional prizes during the raffle prize drawing.
 - You need not be present to win, but you must redeem your prize before the closing awards ceremony.
 - Raffle Prizes include
 - **West Marine Gift Cards**
 - 3 prizes of \$50 cards
 - 2 prizes of \$25 cards
